

KIOGE 2017

25th Kazakhstan International «Oil & Gas» Conference

October 4 – 5 2017, Almaty

InterContinental Almaty Hotel

Official support

Ministry of Energy of the
Republic of Kazakhstan

JSC NC "KazMunayGas"

Association of oil service
companies of Kazakhstan

Akimat of Almaty city

October 3, Tuesday

12:00 – 17:00 Pre-registration

October 4, Wednesday

9.00 – 11.00 Delegates registration

10.00 – 11.00 Grand Opening of the Exhibition and Conference, VIP tour, «Atakent» KBCC

11.15 – 11.30 - Welcome Coffee

11.30 – 13.00 – PLENARY SESSION:

SUCCESS STORIES AND PROSPECTS FOR FUTURE GROWTH

The role of major oil and gas projects in the development of the economy of independent Kazakhstan; export links with regional partners and the place of Kazakhstan in the global energy supply chain.

Moderator:

Speakers:

Magzum Mirzagaliyev, Vice-Minister of Energy of the Republic of Kazakhstan

Representatives: NOC Kazmunaygas*

Murat Mukashev, Deputy General Director, TCO

Zhakyp Marabaev, Deputy Executive Director, NCOC

Representatives: Akimat of Mangystau Region

Agris Preimanis, Director, Head of Kazakhstan, EBRD

«The role of renewable energy in the aggregate mix of Kazakhstan»

Murat Zhurebekov, General Director, «PSA» LLP

Rashid Zhaksylukov, Chairman of «Kazservice»

13.00 – 14.00 – Lunch. Networking

14.00 – 16.00 Session 1: KAZAKHSTAN'S OIL AND GAS UPSTREAM SECTOR; STATUS AND PERSPECTIVES

This session examines the current state of development of Kazakhstan's upstream sector with emphasis on technological innovation used to develop giant oil and gas fields, current and expected production levels.

Moderator: Baltabek Kuandykov, President of the Kazakhstan Association of Petroleum Geologists.

Speakers:

14.00-14.15	Anuar Zhaksybekov, Chairman of Embamunaygas
14.15-14.30	Mikhail Novikov, General Director, EAGE Russia & CIS
14.30-14.45	
14.45-15.00	Muharrem Ince, Director, Schlumberger Production Management New Ventures
15.00-15.15	Ruslan Kumatov, Petroleum Engineering Manager, Tengizchevroil <i>«Sustainable growth of reserves through technology improvements»</i>
15.15-15.30	Representative, DNV GL*

Q&A

16.00-16.30 - Coffee Break. Networking

16.30 – 18.00 Session 2:

TECHNOLOGICAL PROGRESS IN THE DEVELOPMENT OF OIL & GAS FIELDS

Describes the technological achievements that have led to the success of the oil industry in Kazakhstan. What technologies have allowed us to make such achievements and what are the advantages that suggest future growth?

Speakers:

16.30-16.45	Representative, KMG TDB*
16.45-17.00	Askhat Duysaliev, President, JSC "Kazpetrodrilling" <i>«Kazakhstan's drilling sector: state and prospects»</i>
17.00-17.15	Nurlan Nursultan, General Director, Caspian Engineering LLP <i>«The engineering market and optimal solutions for development of offshore projects»</i>
17.15-17.30	Anton Shyshkin, Business Development Manager Oil&Gas, OJSC URALCHEM <i>«Heavy liquid muffling density of 1.35-2 g / cm³»</i>
17.30-17.45	Vladimir Ryashin, Norwegian Energy partners, Country Manager <i>«Norwegian offshore expertise in harsh/cold climate environments»</i>
17.45-18.00	Ming Yang, Associate Professor of the Department of Chemical Engineering, Nazarbayev University

Q&A

19:00 - Evening Gala reception, InterContinental Hotel

October 5, Thursday

8:00 – 9.00 - Delegates registration

**9.00 -10.30 A NATIONAL ASSET –
THE OIL AND GAS INDUSTRY OF KAZAKHSTAN IN PEOPLE**

Kazakhstani engineers, scientists, specialists, and project developers have proved themselves in difficult conditions of extraction of Kazakh oil. Kazakhstan is an integral part of the global hydrocarbon supply community. This session is dedicated to the outstanding oil and gas industry people in Kazakhstan and includes

- **Live interviews with "Legends of the industry"**
- **Award Ceremony**

10.30 – 11.00 - Coffee Break. Networking

**11.00 – 13.00 Session 3: DEVELOPMENT OF INNOVATIVE TECHNOLOGIES IN
HYDROCARBON STORAGE AND TRANSPORTATION**

The major projects for the transportation of hydrocarbons in Kazakhstan. Carrying out transportation by pipeline, railway or sea, Kazakhstan has significant projects that provide a reliable place in the East-West supply chain and provide markets for the export of Kazakhstan's hydrocarbons.

Speakers:

11.00-11.15	Kairgeldy Kabyldin, Deputy General Director, «CPC» – Caspian Pipeline Consortium
11.15-11.30	Representative, Kazmortransflot*
11.30-11.45	Representative, Akimat of Mangystau Region
11.45-12.00	Representative, Aktau Sea Port*
12.00-12.15	Igor Girnyk, Country Manager, Dow Energy and Microbial Technologies
12.15-12.30	Marko Haulis, CEO of Simone Research Group <i>«Decision making support using hydraulic modelling systems»</i>

Q&A

13.00 – 14.30 – Lunch. Networking

14.30 – 16.30 - Workshops, Seminars, B2B Meetings:

- **Presentation of Mangystau investment projects**

* participation of the speaker TBC
